

"HAPPINESS IS
BEING ON THE WAY"

Ingvar Kamprad

TREASURY BUSINESS ANALYST - OUTBOUND PAYMENT

Who you are

Are you looking to take your career to the next level? You want a rewarding work experience in a flexible environment. You are ambitious and care about making a positive impact. This might be the right opportunity for you: Ingka Treasury is recruiting for an Outbound Payment Specialist as part of the Ingka Treasury Technology team.

To be successful in this role:

- You have preferably two years of hands-on experience in developing and operating payment factory systems
- You are passionate about working with payment factory systems and you have a good understanding of related concepts, challenges, data flows and messaging
- You have a curious, assertive, investigative, detail-oriented and process-oriented mindset with strong analytical skills to understand the complexity of end-to-end payment processes and you are able to come up with solutions
- You can adapt to changing situations in a very dynamic working environment

Ideally, you have also gained some experience or knowledge in at least one of the following areas:

- Knowledge of Trax
- Good understanding of process mapping
- Knowledge of Groovy and SQL scripting
- Understanding of SAP payment processes
- Previous experience in project management
- Previous experience with key stakeholder engagement

You demonstrate good judgement, high level of integrity, trustworthiness, and maturity. You can prioritise and take sound and common-sense decisions. You find it natural to take responsibility with a result-oriented and diplomatic approach. You are a driven team player with a positive mindset and get inspired by working together in a multicultural and multinational environment.

You are fluent in English (both spoken and written) and, of course, you share and live the IKEA culture and values.

Your responsibilities

To be successful in this role, you need:

- Business development and projects
 - o Lead and support payment factory business projects in collaboration with internal and external key stakeholders
 - o Understand outbound payment complexity, standards and challenges
 - o Develop and implement business solutions in Trax
 - o Develop and capture business requirements and business processes
- Systems and operations
 - o Provide active daily operational support of our global payment factory (Trax)
 - o Provide support for testing of new (internal and external) flows/processes
 - o Lead and support payment factory upgrade projects

Our team within IKEA

Driven by the IKEA vision to create a better everyday life for the many people, Ingka Group brings the IKEA brand to millions of homes. Ingka Group is the main franchisee of IKEA, operating more than 400 stores worldwide. The Group Treasury is part of the Group Corporate Finance and Tax that provides expertise and optimises exposure in Corporate Finance, Tax, Treasury and Insurance matters. We are balancing risks and opportunities in the market, support the business in its growth, while ensuring a strong position as good corporate citizen.

Questions and support? Let's connect!

Studies show that members of underrepresented communities don't apply for jobs unless they're 100% "qualified". If this is part of the reason you hesitate to apply, we would encourage you to reconsider and give it a chance. Maybe your profile fits our needs much better than you think. We look forward to receiving your application.

If you have any questions about the position, please contact Sigrid Luxen (sigrid.luxen@ingka.com), People & Culture – Ingka Group.

Your application, consisting of a covering letter and CV, should be submitted online. Applications made by e-mail will not be accepted. Please note that the recruitment process will combine online and face-to-face interviews and assessment tests.

The role is based in Zaventem, Belgium.
